WC Docket No. 10-90
WT Docket No. 10-208

The Rural Broadband Auctions Task Force (Task Force), in conjunction with the Wireline Competition Bureau and the Wireless Telecommunications Bureau (the Bureaus), today publishes the map of areas presumptively eligible for Mobility Fund Phase II (MF-II) support (initial eligible areas map). The map is available on the FCC's website at www.fcc.gov/mobility-fund-phase-2.

The Task Force and Bureaus also announce that the challenge window for the MF-II challenge process will open on March 29, 2018.¹ A link to the Universal Service Administrative Company (USAC) challenge process portal (portal) will be posted on the FCC's website at www.fcc.gov/mobility-fund-phase-2. Interested parties have 30 days to review the initial eligible areas map before the challenge window opens.² Beginning on March 22, 2018, any party that submits contact information to the portal access request form (at www.fcc.gov/MF2-Challenge-Portal/form) and obtains login credentials will be able to test its credentials by logging in to the portal.³ Challengers will not be able to upload speed test data to the portal until the challenge window opens on March 29, 2018.⁴ The challenge window will remain open for 150 days, until August 27, 2018.⁵ Only challenges certified by August 27, 2018, will proceed.⁶

For further information concerning the initial eligible areas map or how to access the USAC portal, please email mf2challengeprocess@fcc.gov or contact Jonathan McCormack, Auctions and Spectrum Access Division, Wireless Telecommunications Bureau, at (202) 418-0660.
